Minutes Grand Strand Scale Modelers

February 19, 2022

Meeting was called to order at 11:00AM at the Socastee County Library with 11 members and 1 guest in attendance.

The members were reminded that the 1/700th ship club build judging would be at our next meeting.

Also, completed model pictures should be sent to Mike for including in the website.

A brief discussion was held on the upcoming show in October. Raffle items discussed including those people and manufacturers/publishers who had already sent items. A financial statement for the show was reviewed including current expenses and income received from sponsors and vendors.

Upon the passing of Richard L. Davis, a founding member of the club, an award for the "Best Marine Corps Subject" will be given and it was decided this would be given away yearly. Steve is overseeing the design of the award. Additionally, a big thanks to Steve (Chaz) for all his hard work in obtaining and designing the "Best of" awards for the show.

Next on the agenda was the review of the club's financials by the club's treasurer, Rick Reinert.

Show & Tell followed with many members bringing their latest work. All models can be seen on the club's website. Additional pictures were posted to the Facebook page.

Phil showed a new model kit purchased at the Richmond IPMS show and one of Ammo by Mig Jimenez's latest products. These included a 1/48th scale IJN Type 96 carrier-based fighter II by Wingsy Kits, an Ukraine based company, and Ammo by Mig's Red Magma cement.

Next on the agenda was the monthly raffle with \$44.00 added to the club's bank account.

Adjournment at 1:30PM.

.

Phil Cavender

President, Chapter Contact

Treasurer's Report as of 14 April 22

Current Balance is \$1962.65

Outgoing:

Incoming:

\$264.00 Cash for Dues and March raffle Items

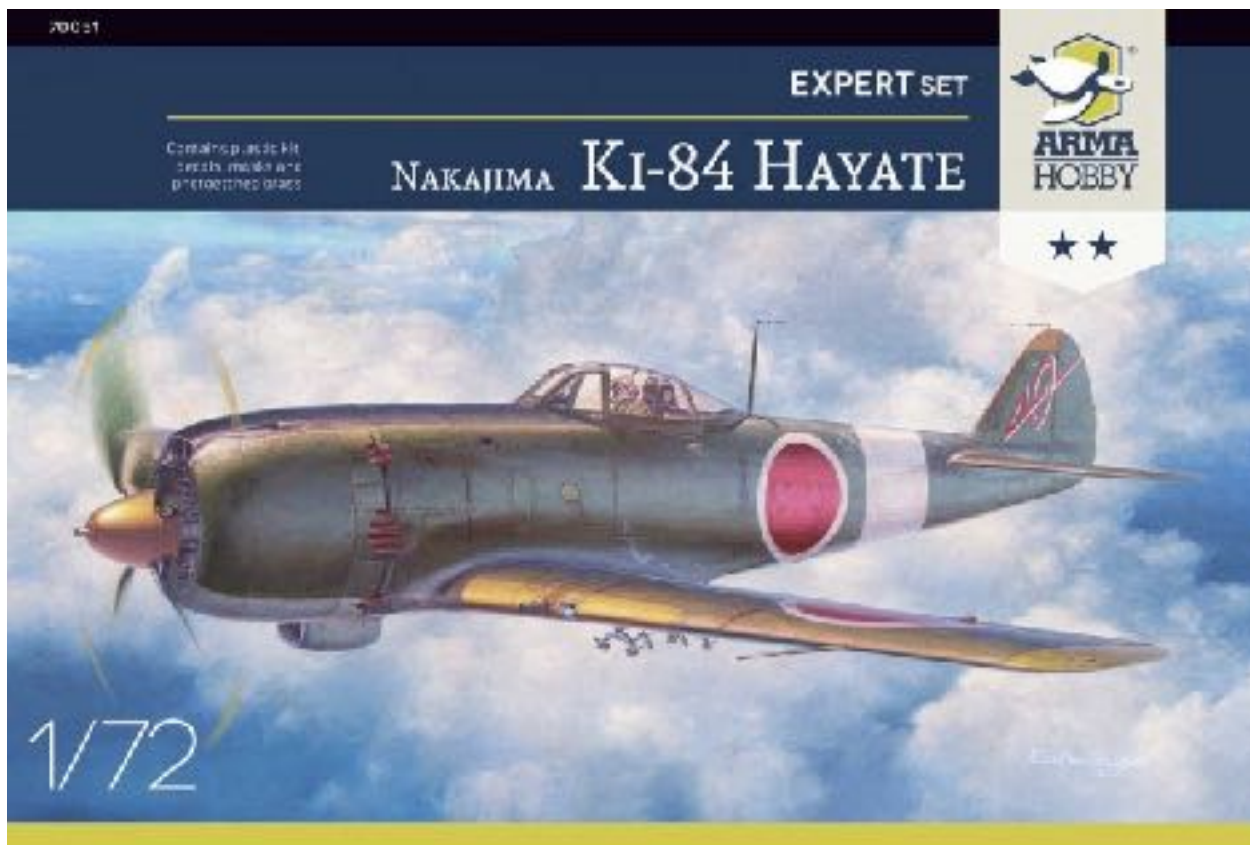

In House Contest

Don't forget to bring in your 700th scale ships on the 23rd of April!! Unfortunately, mine sank.

Hobby News

New Releases

Arma Hobby has released a new tool 72nd scale Japanese "Hayate", allied code name "Frank".

Revell

Revell has a number of new kits just released. Starting with a 1/25th scale 69 Camaro (good reviews on the Scale Modeler's podcast), a 72nd scale F-18F, the Queen Mary in 700th scale and a 1/8th scale Pontiac Firebird. And finally, a 32nd scale Messerschmitt Bf 109G-2/4. This a continuation of their 109 series.

The Tool Crib

Les Young brought in a fascinating new magnify glasses headset that can be picked up for \$22.00. Highly recommended.

Kit Review

Chaz brought in a new Fine Molds F-4D. The molding is clean and crisp and the instructions look great and easy to follow. Very nice! Perhaps we'll get a build review from Chaz.

Build Review

N/A

Club Demos

Show and Tell

Rick brought in his Great Wall Hobby 48th scale FW-189 "Uhu" (Owl). A German recon aircraft from World War II. Rick used the hairspray method to apply the Winter Scheme.

Dayne brought in a Bronco Models 48th MiG-15 with North Korean markings. Dayne echoed the on line reviews of the kit, rough surface details, poor instructions, and decals that disintegrated when place in the water. Looks good for such a rough kit.

Chaz Chorazewitz brought in Hasegawa Yak 3, his preferred scale (72nd).

Bill Baumgartel brought in his work in progress of his 700th scale Yorktown and Hammond at the Battle of Midway. This is the first and last time Bill will use a paper towel to simulate water.

Earl Wankin brought in his in progress Revell Avro Shackleton, MR.3. Perhaps we'll get a build review of tis it as well.

Phil Secard brought in Resin Space Marine.

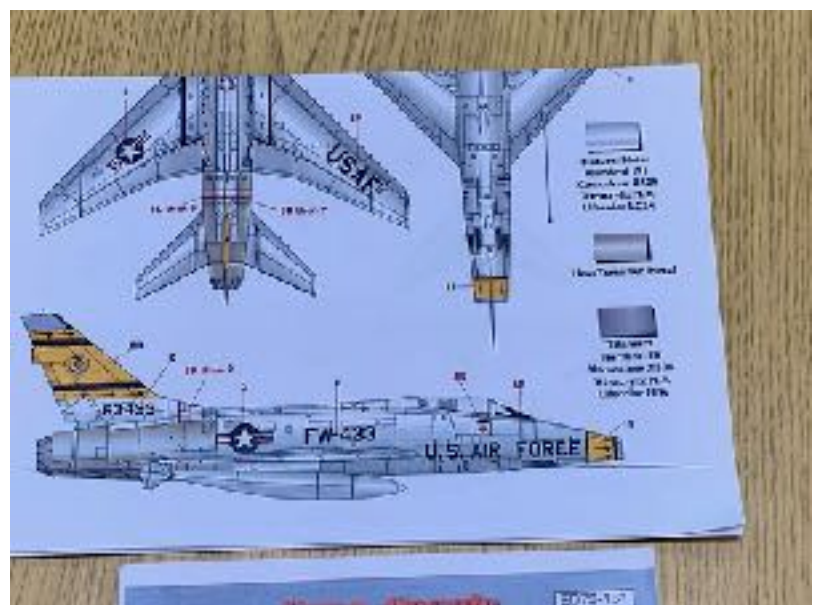

Mike F brought in a Hobby Boss 72nd scale (of course!) Nike II missile.

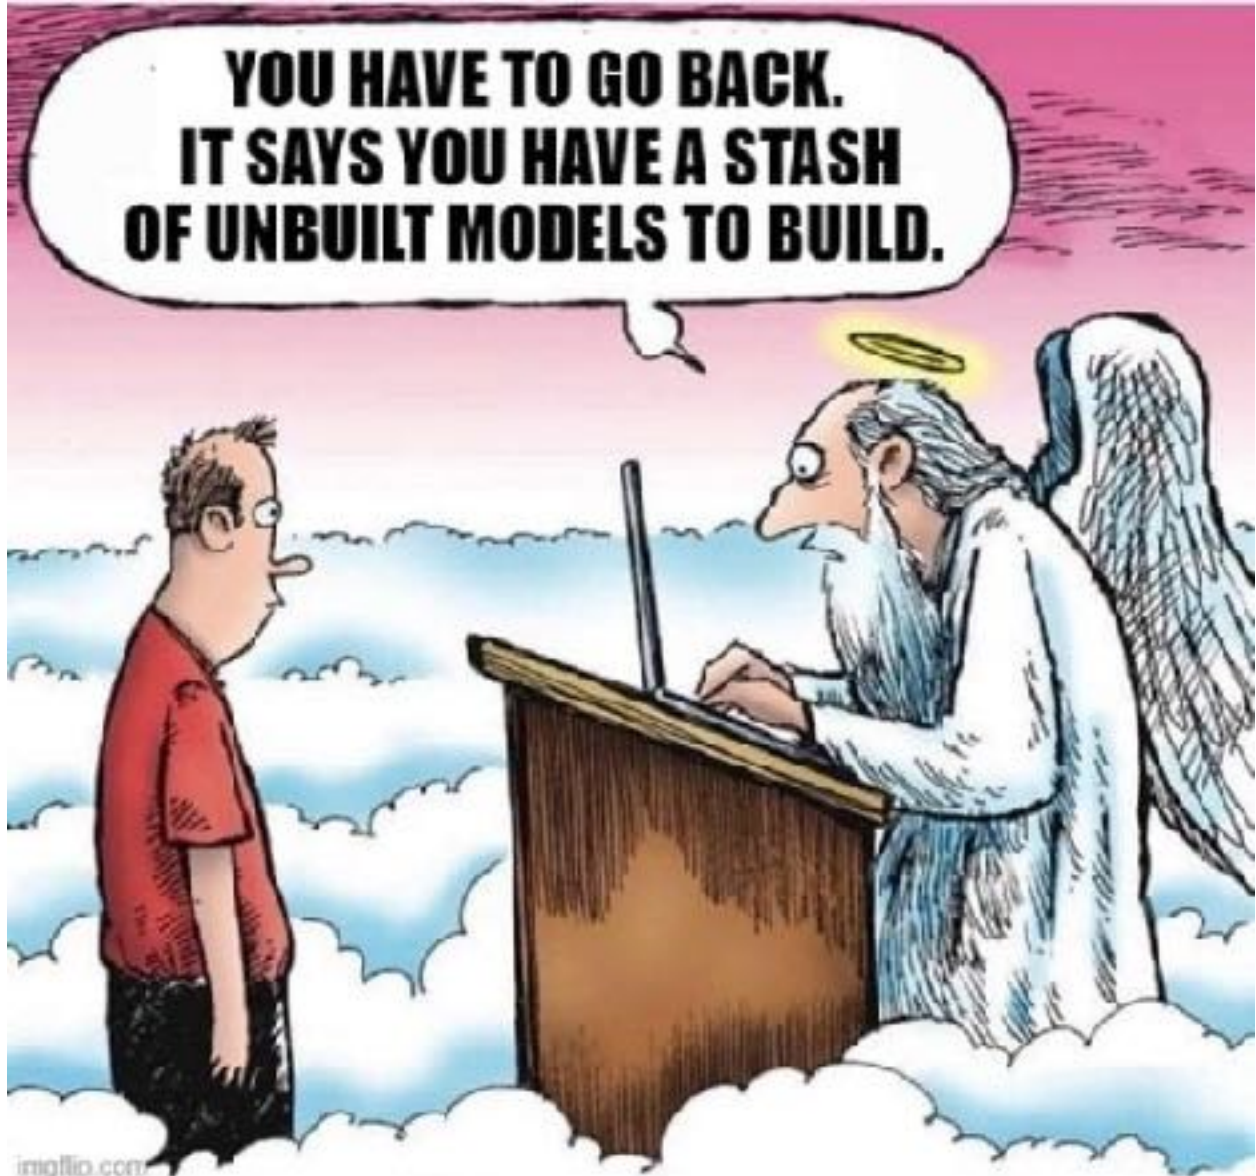

Also a NIKE Hercules.

And some decals for a F-100 he is planning on doing.
