

# Newsletter for modelers

Published by Grand Strand Scale Modelers

October 2019

**Grand Strand Scale Modelers** was chartered August 14<sup>th</sup>, 2018 as a chapter of IPMS/USA in the Region 12 Central Atlantic Division. Located in Myrtle Beach, we organized with six exceptionally talented individuals. Our goal is to improve our modeling skills as well as furthering the hobby. Along with these goals we are a social organization where anyone with an interest in hobby modeling can enjoy camaraderie.

### Our Mission Statement

To encourage interest in scale modeling by providing an outlet for the exchange of ideas and cultivation of the modeling hobby.

# Grand Strand Scale Modelers

*Grand Strand Scale Modelers*

Myrtle Beach, SC

**Meeting Information**  
Grand Strand Scale Modelers meets every 3rd Saturday at 11:00AM.

**Location**

## Minutes from the October 16, 2019 Meeting

- Meeting was called to order at 11:00AM. A short “Meet and Greet” took place. Welcome two of our newest members. Steve Chorazewitz and Mike Celeskey
- The road trip to visit the U.S.S. North Carolina drydocked in Wilmington, NC. was discussed. We have rescheduled the tour to a date in January.
- Annual dues were collected along with up to date IPMS/USA numbers.
- Herb brought up the idea at our last meeting to have a stash sale at one of our meetings to “unload” those not needed kits. The members decided we would have the sale at our November 16<sup>th</sup> meeting. We decided a 50/50 split with the member’s revenue and with the club.
- The club voted to have another “Club Build”. The next build would be a “Bust”. Jim Fraboni and Joe Baxter will oversee obtaining the number of bust for the members. It was also decided that a 3-month time frame for completing the Bust would be appropriate.
- Next on the agenda was the SCMA show in Charleston on October 19<sup>th</sup>. It was decided the members would caravan to the show.
- Monies collected from raffle and dues totaled \$109.00.
- Meeting was adjourned at 2:00PM.

Phil Cavender,  
Chapter President

## History Time

The interesting story of the 3 big plastic model companies, Aurora, Revell and Monogram in the US.

## 3D Printing

How many of you have thought of getting into 3-D printing?.

The **3D printing** process builds a three-dimensional object from a computer-aided design (CAD) model, usually by successively adding material layer by layer, which is why it is also called **additive manufacturing** unlike conventional machining, casting and forging processes, where material is removed from a stock item (subtractive manufacturing) or poured into a mold and shaped by means of dies, presses and hammers.

One of our club members (Joe Baxter) constructed his own 3D printer.

**IPMS/USA** is dedicated to the hobby (and fun) of Scale Modeling. It was started by Jim Sage, of Dallas, Texas, in 1964. There are now branches of IPMS all over the world. Our Local Regions and Chapters sponsor Model shows and contests every year, but you needn't be a member to visit the shows or attend the club meetings!

With IPMS/USA Membership, you will receive the outstanding **IPMS/USA Journal** six times a year - it includes features on all modeling subjects such as aircraft, armor, automotive, ships, figures - you name it! You will also find listings of IPMS contests, swap meets, hints and tips, and reviews.

Membership also qualifies you to participate in IPMS/USA sanctioned contests, and particularly in our World-famous **National Convention**, held each summer. As a member, you'll also be able to access our online Discussion Board, where a wide variety of modeling topics are discussed, and enjoy interaction with other serious modelers for help with questions about modeling techniques or the Society in general. Many Hobby Shops and Model Vendors around the USA offer discounts to IPMS/USA Members.

**Payment Information:** Online Payment may be made via Credit Card only.
